Grease for food-industry equipment:

Colorless purified grease suitable for accidental food contact. This lubricant has a wide range of applications for the food industry. For the ordinary and extraordinary maintenance of machines and tools which may accidentally come into contact with food. Ideal for lubricating equipment associated with the preparation and packaging of food – slides, grids, transport, slicers, knives and saws, stoves, refrigerators. It protects chrome parts and seals from vapors and/or cleaning agents used for cleaning.

Available in one format:

- G011 – 400 ml spray can

Technical Specifications:

Aspect	Cylinder containing under pressure fluid
Color	Transparent
Odour	Characteristic of solvent
Relative density	at 20°C 0,66 ÷ 0,70 g/ml
Flash point	Und.0° C extremely flammable
Pressure at 20°C	4/6 bar
Sliding/Pour point	< - 10°C
Penetration at 25°C	220 - 250 mm/10
Food Certification H1	Cat. Code H1 - INS reg. N° 1795784
