SPRAY

Cod. G004

Cod. G021

Cod. G015

## Vaseline Grease:

Highly pure grease designed for uses that require periodic maintenance, cleaning, and lubrication. Excellent for lubricating delicate mechanisms. Its good stability guarantees long-term protective, lubricating and anti-acid action. It does not harden overtime. It can also be used to protect electric components (terminals and connectors).

Available in two formats:

- G004 – 400 ml spray can
- G015 – 900 g can

## Technical Specifications:

|                            |                                 |
|----------------------------|---------------------------------|
| Aspect                     | Metal jar                       |
| Color                      | Transparent                     |
| Odour                      | Odourless                       |
| Relative density           | at 20°C 0,88 ÷ 0,92 g/ml        |
| Flash point                | +210° C                         |
| Solubility                 | insoluble in water              |
| Penetration at 25°C 0.1 mm | n.l. ASTM D 937 mm/10 160 ÷ 200 |
| Drip point                 | ASTM D 127 °C 52 ÷ 60           |
| Viscosity at 100°C         | mm2/s 6,5 ÷ 8                   |
| Kinematic viscosity        | 5 – 9 mm2/s (100°C)             |
