

Ceramic Grease:

Ceramic-based grease which applies mostly on parts exposed to high pressure or very high temperature (1200°C/2192°F). It possesses a high lubricating and anticorrosive power, that protects from moisture. This ceramic-based and metal-free spray eliminates squeaking and creaking. Suitable for ABS and ASR brakes, oxygen sensors, and brake parts in general.

Available in one format:

- G024 – 400 ml spray can
