

AMBRO-SOL[®]

Your Factory of Aerosol

Multipurpose repositionable glue:

Transparent glue that enables immediate and safe assembly of many materials on a variety of surfaces. If applied with a light pressure, it allows the possible detachment and repositioning. The product remains permanently elastic. It remains unchanged over time, and does not stain or penetrate porous surfaces. It is ideal for many types of installation and is suitable for acetate substrates, fabrics, printing paper, etc..

Available in one format:
- I257 – 400 ml spray can

Technical Specifications:

Aspect	Tin-Plate can containing under pressure fluid
Color	Colourless
Odour	Characteristic of solvent
Relative density	at 20°C 0,63 ÷ 0,67 g/ml
Flash point	Und .0° C extremely flammable
Pressure at 20°C	4/6 bar
Dry Residue	9% ± 0,50%
Stringiness 25°C (active)	Brookfield - mPa.s 100 – 500'
Solubilities	water insoluble, soluble in hexane/acetone
Thickness	> 30 micron
