| Quantity | 400 ml |
| Barcode | EAN 13: 8034108890074 |
| Box / Case | 12 pz |

**ADHESIVE CHAIN LUBRICANT** – High performance chain grease, this high quality product developed and tested for the racing industry (on-and off-road motorcycles) provides guaranteed lubrication for extended periods of intense use. It penetrates and lubricates links and pins to ensure elevated output and precision; it constantly guarantees the highest performance of the transmission mechanical elements. It reduces wearing of chains, crowns, pinions and all mechanical moving parts, while also protecting against water and dust.

HOW TO USE: shake and spray directly on the surface from a distance of 15-25 cm. The product could be also be used with a straw that is attached to the cap.

## Technical Specifications:

| | |
|---|---|
| Aspect | Tin-Plate can containing under pressure fluid |
| Color | brown |
| Odour | Typical of solvent |
| Relative density | at 20°C 0,63 ÷ 0,67 g/ml |
| Flash point | Und. 0° C extremely flammable |
| Pressure at 20°C | 4/6 bar |
| Penetration at 25°C | 265-295 0.1 mm |
| Oil viscosity at 40°C | > 2000 cst |
| Application temperature | -40 °C - +170 °C |

### MODALITY OF STORAGE

Before using: stock the product in a dry location and don't stock it with a temperature under 0°C and over 45°C, after the use, keep containers closed. In the original package, the product can be conserved for 24 months (warranty). The product doesn't expire.
After the first usage: conserve in a fresh and dry location, away from hot spring. Keep out of reach of children.

This information, even if reliable, must be considered only approximate. We are not responsible for the wrong use of the product, or the violation of any license. Before using, the users should verify the suitability of the product for its specific use.

**BEFORE USE, CONSULT THE SAFETY DATA SHEET OF THE PRODUCT**
